Daily Claims

Adjusting claims is all about performing a quality investigation.

When you require a 100% verified, detailed and accurate report which complies with state mandatory timelines, SCA Claims will accommodate. We always conduct a thorough onsite investigation to fully explain the why, what, and who of each liability investigation as well as handle the subsequent adjustment. Our adjusters have licenses in all 34 req. states.

Need a few extra sets of hands to assist with claims—SCA can help!

If you require assistance with your claim load, SCA Claims provides professional, skilled and experienced W-2 adjusters who can handle files the way your company wants them handled. Our W-2 resources are proven performers, supported by industry veteran supervision and leadership.

Our team will quickly step in and review features, establish a resolution plan, extend offers and close files. Our primary structure is teams of eight (8) adjusters, plus a supervisor, that can be implemented with as a few as a single team or scale to 10-15 teams with added management and executive leadership.
